

Press Release

Event dedicated to Cyber Security by Pylones Hellas & Check Point

Athens, Greece - 28 May 2019 – Pylones Hellas, a provider of advanced IT solutions to medium and large enterprises, together with Check Point Software Technologies, a leading provider of cyber security solutions, organized, on 23 May, an event dedicated to **integrated cyber security solutions** with slogan **“Gallop against your cyber enemies”**.

More than 40 executives from the IT & cyber security sector attended the event, where they had the unique opportunity to engage in new integrated security solutions and applications. **Mr. Vassilis Nikolopoulos, Check Point Team Leader Security Engineering** and **Mr. Linardakis George, Sales Manager of Pylones Hellas**, presented specialized applications and ideas that respond to the current business challenges of the modern digital era, utilizing Check Point and F5 Networks security product solutions.

In a world where threats are accelerating and security needs are increased, **Mr. Simos Nikolaos, Technical Manager of Pylones Hellas** and **Ms. Konstantina Koukou, Check Point's Security Engineer**, united their experience and technical know-how to present smart strategies and intelligent security technologies, enabling businesses enhance the level of their security to address modern risks in various business sectors such as telecommunications, industrial industry, hospitality etc.

The event focused on issues such as network security, data protection and networking, as well as presented comprehensive cyber security solutions that are applicable to various industries, aiming to help businesses innovate and accelerate their digital transformation.

Mr. Giannis Gikas, Regional Manager of Check Point and **Mr. Emmanuel Netos, General Manager of Pylones Hellas**, welcomed the guests and through their statements, they set a common guideline regarding how companies can be safe by using collaborative security solutions, arming their systems against potential risks.

"With our partner, Pylones Hellas, we have a long and close partnership that has been strengthened lately, aiming to offer in customers unique cyber-security solutions. Customers are not looking now for simple security solutions, but they focused on the quality of these solutions, as cyber attacks tend to be an everyday habit, complexed and difficult to be tackled and managed. Both Pylones Hellas and Check Point work closely together to provide quality security solutions for all types of cyber attacks." Mr. Giannis Gkikas stated among others.

Emmanuel Netos said during the event: "As the business processes are constantly digitized and changing, Pylones Hellas recognizes ICT Security as a strategic pillar of the company's activities, targeting to provide innovative and cost-effective cyber security solutions to its customers. By collaborating on cyber security solutions with an industry leader, such as Check Point, Pylones Hellas guarantees to its customers the protection against any cyber attack by

providing a variety of tailor made cyber security solutions that meet the requirements of any business unit. "
